

You can search for & add a patient to your list by selecting either the **Patient Search** tab or from the **Actions** dropdown menu

Provider Deficiencies

The screenshot displays the PatientKeeper interface for a patient named CPOE, MANDI (69Y Female) with MRN D000641948. The interface includes a top navigation bar with tabs like 'Patient List (6)', 'Sign-Out Summary', 'Patient Search', 'Assignment', 'Forms', 'Charges', 'Order Search', 'Inbox', 'Provider Directory', 'Admin', 'Resources', and 'MPF Incomplete (0)'. A left sidebar lists other patients: CPOE, HEATHER; CPOE, KIMMY; CPOE, MANDI (highlighted); and HAMBURGER, PAT. A central menu for 'This Patient List' offers options such as 'Add Patient(s)', 'Reassign Patient', 'Remove Patient', 'Remove Multiple Patients', 'Why Patient Is On This List', 'Sort', 'Print', 'Manage This Patient List', and 'Other Patient Lists'. The main area shows a 'Test Results' table with columns for Date/Time, Test, and Status. A 'CT HEAD BRAIN WO C Detail' section is visible at the bottom with a 'ZFP Image Link'. A search bar is located at the bottom right.
